Stuff Preview

Featuring: The Raptor 14

URL: <http://tinyurl.com/28jfhnx>

In an effort to give you some insight into the products we plan to send through our rigorous testing process here at Dirt Rag, we've come up with the Stuff Preview series. Each week, we'll present one product that is currently in the hands of one of our testing staff.

### Manufacturer's Description

The Raptor 14 is a great long haul pack for an all day adventure on your favorite single track. Stretch woven side pockets with InsideOut™ compression provide versatile gear carry options, while a large zippered front pocket with dedicated compartments for bike tools keeps essentials handy. 3-liter HydraForm™ Reservoir Included. Colors available: Silt Gray, Spruce Green, Sand Gold.
